Letter head:- South Calcutta Election
Mr. Shresh Chandra Das
his true nature as cheater.

The Editor
The Nation, Calcutta-

Dear Sir,

I am an inhabitant of
Rasunia village, Dacca. Where Mr.
Shresh Chandra Das B.A., was also
an inhabitant. We are belonging
the same Caste, i.e. Barui Mahaj
life, I have never seen him
do any thing for his village. I
may be recalled, that Mr. Das
B.A. was once Contested in the
Rasunia Union Board Election for
its Presidentship, but he failed
he was unknown to the people
in Calcutta, also, who know him
No. Excepting some Congressmen and

Barua.

On the 22nd, Sunday, afternoon I went his home in Calcutta -
 Furmishers which is situated in
 Reshbehari Avenue Jate., (Mr. Das
 is also a business man in wood)
 and saw there a meeting assembled
 with about 30 men and women of
 whom three were typists, 7 were
 clerks, and engaged in the Election
 propaganda work. I heard from the
 nephew that they are trying all day
 long.

It will be interesting to
 note by the voters of the North Calcutta
 that Mr. Das B.A. is a Cheater of
 Rs. 60,000/- only. The only one
 instance that Mr. Das had obtained
 about Rs. 60,000/- from the people of
 Ruzumia and Chormerdan villages at
 Dacca and particularly from the
 members of the same community
 in which he belongs, to ~~start~~ start
 a Transport Company (I am
 unable to give here the exact name
 of the firm which was once proposed
 to be opened). But as started
 by Mr. Das, having failed to obtain
 the licences, the opening of the
 transport Co, was stopped. P.T.O.

(3)

295

But he is not still returning the money to the individuals though repeated requests were made to him by the respective shareholders. My father is also a share holder of that firm which was not yet started out of his only jealousy. He often said that "yes I am giving you all the money" within the two months. But since two years elapsed he is not replying to the question by the share holders to return the money. Now the share holders are sure that Mr. Das Surish Chandra Das, B.A. has credited his account with any Bank with the above rupees collected from the members of the Rasunia and Chormardan village. How the South Calcutta people will vote for the cheater? He is a big cheater. It is also noted that though the firm is not yet started, Mr. Das is giving to one member of his family. Mr. Dasarat Das B.A., Rs 200/- per month and Rs 150/- to Mr. Shivan Das his relative, on behalf of the Company. Alas Mr. Das has made some poor people poorer by cheating Rs. 60,000/-

So reading this one instance, how
S. Calcutta voters will vote for Mr. Das
I particularly draw the attention
of the voters to my previous paragraph
and realise the true nature of Mr.
Das who can neither write nor
speak the English, who has not a
common sense, who has once cheated
some people with Rs 60,000,
how will he be able to collect vote
against Mr. Sarat Chandra Bose,
a new preacher of Socialism, and
brother of our beloved Great Netaji

Who know Mr. Suresh
Chandra Das B.A. in Calcutta?

I am sure the South Calcutta
Electors will realise the true spirit
and new scheme of earning money
and cheating and bluffing, from
this statement. Will you, then
vote for Mr. Suresh Chandra
Das B.A.

I hope you will publish
this statement.

SOCIALIST UNITY CENTRE.

As reported previously, Nihar Mukharji and other leaders of the Socialist Unity Centre have successfully won over an Anglo-Indian contact named William Jones. Recently, Jones was selling the party's Bengali organ 'Ganadabi' in some locality of Bowbazar, when he was arrested in a petty case by the Bowbazar Police. He was subsequently released on bail. Jones is at present residing at the party commune at 1/A, Exhibition Road, Park Circus, where study circle classes are being held often on the initiative of Subudh Banarji. Banarji lectures on the party, ideology and programme for the political education and indoctrination of members and recruits.

It is proposed to reinforce the Ghatsila-Sindri branch of the party organisation in Bihar. Accordingly, a suitable job in the C.P.W.D. Works at Sindri would be procured for William Jones aforesaid to facilitate such infiltration. On getting the job, he is to be deputed to work in the party-controlled Union. Besides Jones, Hiren Sarkar, whose exterment order from Bihar has since reportedly terminated, and Tapash Sen, an artist in the employ of the New Theatres Ltd., Calcutta, have been instructed to proceed to Ghatsila.

Amriteswar Chakrabarty @ Minu recently came down to Calcutta from Ghatsila for party work. Incidentally, he attended the marriage feast arranged by Sibdas Ghosh on 20.5.49 at Calcutta, following his marriage with Latika Dutt, a party girl. Amriteswar contacted all the leaders of the party, including Sibdas Ghosh and Nihar Mukharji.

On learning that the Democratic Vanguard, irrespective of its size and political influence, has put up a party candidate to contest both Sri Sarat Bose and the Congress in the coming South Calcutta by-election, the Socialist Unity Centre proposes to do the same. Accordingly, Pritish Chandra has been selected and also advised to file his nomination papers at a very early date to contest the said by-election. It is reported that the father of Sunil Mukharji, a party member, who resides in South Calcutta, is donating some funds to help the party's election campaign. Although the leaders are fully aware that the Socialist Unity Centre is a small party having a limited number of followers, they believe that contesting the by-election will bring the party into prominence and thereby help it to gain some popularity among the politically-minded public.

According to a recent report submitted to the General Secretary of the party by its South Calcutta organisers, a Peoples' Committee at Ballygunge in South Calcutta could not be formed as yet for want of adequate response from the people of the locality. It was said that in view of the many public are found to be callous to new political groups and their activities.

Dear Sir,

As you are a born-fighter and the brother of our beloved Netaji, I am taking the liberty to address this letter to you though I had the honour to write to you once in 1946 and again in 1947 when I was in India.

It is a great shame that our Government which talks so much should give high appointments to people who are not only not fit to be our leaders; but who have so far not done anything to merit same. I have not only written about this thing in the 1948 October Number of the Modern Review; but in the local press as well.

It was Mr. Raghavan and Mr. Thivy (one our present Representative here and the other who was our Consul formerly in Java who helped to fill-up the I.I.L. with 99% wretches and vagabonds who were their countrymen, and the shameful manner in which they behaved with the Indian public is well known throughout Malaya and Burma. May I ask what sacrifice has any of these gentlemen done for the Indian community? why did not Mr. Thivy send his wife to join the Rani of Jhansi? It was Mr. Raghavan who founded the Swaraj Camp and recruited thousands of youngmen to join same, and yet he took care to see that his son and daughter did not join same.

I can boldly say that they do not deserve these positions. I am willing to challenge them in public on this matter. I have sent so many of our local press cuttings to the Modern Review Office to show the great harm Mr. Thivy has done to the Indian sphere, and it is still doing. But I do not know why the Modern Review did not print my second article.

I am herewith sending you the latest press-cuttings so that you may know how things stand in this country, and you may use your officers to see that he is immediately removed from Malaya before he can do any more damage to the Indians. Recently dozens of Indians applied for a job in his department; but he rejected same and brought down his relative from India whom he has given this job. I request to make enquiries about same.

Yours in service

Dear Sir,

I have read a pamphlet recently published in this country quoting extracts of your denunciation of Nehru Govt in the news paper NATION. I and my friends whole heartedly agree that one of the main reasons underlying the present plight of our country is that the leaders of our country entrusted the implementation of their policy in the hands of the Ex-I.C.S and Ex-officials of the old regime who served their masters so well in the past. It should be abundantly clear to a person of average intellect that these people are totally unfitted mentally and intellectually for the gigantic task which confronts them. It may well be said that India House in London represent in miniature a picture of administrative machinery of India to-day. The incidents mentioned in the next few pages for your information are in themselves unimportant in the greatest context of the development of our country, but they testify to your logical conclusion that the administrative direction as they remain in the hands of Ex Officials are extremely injurious to the future of our country. It may be mentioned here that there must be many more serious matters which remain unexposed behind the iron curtain of officialdom.

We hope you will move this matter in the Assembly and disclose it to the general public.

You would probably appreciate the reason for not exposing our names

ENCLOSURE

London 12.5.49

Rt Hon'ble Pandit Nehru,
Prime Minister of India

Sir,

It was our longfelt desire to have an independent constructive government, since we started our fight for independence - long before Gandhiji - i.e. before 1912. As a matter of fact it is useless to mention that we are few of the political sufferers under the beging British Raj. It is a pity that this is not the India, which we really

fought for - we never fought for a particular section of country - really it was for the benefit of general people - the people in the street.

When we fought British Imperialism, Indian Congress always promised to people that in independence India people will have their rights of independence voice and speech better food, equal status and right to choose their right leaders. Can you honestly say that people have got that or will they ever get it so long as the present Cabinet is in office? Men like Rajendra Prasad, Rajagopalchari, Sardar Patel, Pandit Pant and Srikrishna Sinha can not demand any confidence from people with their acute provincialism and preferential treatment?

Have you ever seen a country where people begging in the street and the ministers are getting a salary of Rs.5500/- per month - amount which British Cabinet ministers do not dream even to get. Do you think the present High Commissioner of India could do with a cheaper and quite a good car without paying a high amount for a "Rolls Royce". Do you admit that this money could have been used to educate few more Indian students here, or could have been spent on poor starving refugees of Punjab and Bengal? Instead, when they demanded some food and shelter in India for which they sacrificed, they got the bullets from Nehru's Congress Government. Do you deny that who killed so many people during British Raj are still kept in the key positions in India? Do you know your favourite Krishna Menon went against the decision of Congress during the war and publicly declared to join hands with Britain and all Indian residents in England had to form swraj House to protest this action?

Are you not ashamed to see your own portrait in India House without being able to be of any use to your own people, while you never suggested or deliberately disallowed to keep a portrait of Netaji Subash Ch Bose who dedicated his life for his country?

We challenge you to confute the following facts which have come to our knowledge:-

- 1) The reason for opening a new restaurant in India House in lieu of former one with an additional expenditure of £ 2000? Why is that Mr. T.M. Menon the brother of Mr. T.N. Menon - Organisation and method officer has been appointed a manager with a salary of £ 750 per

anum. where as a manageress with better experience could be have at this sort of government canteen at a salary of £ 300 per anum ? Has he had special favour shown to him ?

It is well known that the assistant manager of the restaurant Mr Duncan is an old personal friend of Mr T.N.Menon. The manager's bad behaviour is famous among the Indian student's circle in London.

2) It is well known that the following education officers - who recently arrived in India House are either "relatives or friends" of the present secretary of the education department. Miss Rajan, Mrs Sitaram, Mr Sundaram, Miss Nair, - what qualification and experience they have to become the "Education Officers" ? It is strange that when Mrs Sitaram came she brought her daughter from India and Miss Sitaram was at once accommodated in the High Commissioner's secretariat. Is it a coincidence that Miss Kitchlu is related to Mrs Handou of India League ? It is also strange that Mr.K.C.Nair who used to be a minor clerk in India and related to Mr Chetty, (a joint secretary of Commerce Department) came to India House to become a Deputy Trade Commissioner.

3) The reason why not many Indians are recruited in India House can be explained by the fact that the present establishment officer Mr S.N. Dutt does not like Indians and has told the Indian applicants so in no uncertain term. Is it to be wondered at when we realise that this Mr.Dutt did not only remained neutral during India's independence struggle but acted as an implacable enemy of India in the past ? Doubtless he now wears Gandhi cap and Chapkan in official function as many opportunists in India do.

4) Miss A.Collins, an English girl of 18 years used to be the secretary of Capt Srinivas (Principal private secretary of the High Commissioner) is forced to keep herself away from the office for a considerable period. Is it due to "some special" circumstances to which she had been seduced by Capt Srinivas ? Some time ago the office keeper at India House reported publicly in disgust when he took a nearly cup of tea in Capt Srinivas's room he found Capt Srinivas and Miss Collins in bed together. It is fascinating to hear that Pandit Nehru shook hands with this man at the "air-port" prior to his departure and promised to him for a promoted job in the Foreign Office of India.

5) It is surprising that Govt of India now needs six India Houses for Embassy use where as British Govt could administer India (including Pakistan) from one India House. A few hundred furnitures have been ordered for the establishment of these unnecessary five India Houses in London and it is interesting to note that the contract of furniture supplying has been made with a personal friend of High Commissioner, at a prohibitive price, where as these could have been purchased at usual market price else where. Has he got the right to squander public money in this manner?

6) Is it a fact that Mr A.K.Chanda Deputy High Commissioner is being recalled for clash of principle with Menon - Nehru axis ?

7) We see frequently in India News that the High Commissioner was at Home to Indian residents and students in England. But the invitations are sent to some favourite residents and students, who would sing the same tune with Nehru Govt. Are the rest of Indian deliberately ignored ?

8) We saw in The Nation of Calcutta that the innocent women were being shot by the Congress Govt (whose right wing representative is Dr.B.C.Roy in West Bengal) which is unheard of even during the British Rule. Other day in the House of Common, London there was a vehement uproar by the M.Ps who condemned the Govt of shooting the two Chinese women rebels armed with guns. There was a shout Murder, Murder from all corners of the House. How would you have felt if your daughter would have been killed by Dr.B.C.Roy's bullets ? why these shocking news are not printed in India News which claims to keep the Indians in Gt Britain with current news of India. ? Are we to assume that the function of India News is to carry out the propaganda of Congress Cabinet and not to publish the facts ?

HAVE YOU THE COURAGE TO DENY THE FACTS PUBLICLY ?

Yours most obediently
INDIAN RESIDENTS AND STUDENTS IN GREAT
BRITAIN.

My dear Majdada, ~~(Rishi Lal Bhowmik to S. Chandra)~~ 11.5.1949

So many thanks for your nice letter of the 22nd of April from Kurseong, which was to hand on the 30th of April already. I am sorry I could not reply earlier but I am still so busy. Tonight I must stop my studies a little, since I have been working the whole day and writing a letter is now a recreation.

What you wrote about your dream in Kurseong was very interesting. We can only hope that our feelings may become reality one day and ~~that~~ that your brother will return. This is the only thing I am praying for.

How did you enjoy your stay in Kurseong? Did you have a nice and quiet time there? It must be a nice place to take a rest. Sisir wrote to me some time back that you are some what overworked^{-ed} and that you are intending to spend some time in Europe this year again. I replied to him saying that I think you should take a course of treatment in Bad Gastein and afterwards go for a change to Switzerland. Your brother has always benefited a lot by the uses in Badgastein. I think didi and you would like it a lot and find it a great benefit. How do you think about it?

Anita is well again, her cough has come to an end^{and} she is as lively as ever. She is doing very well at school and showing great interest for everything. On Sunday last (it was "mother's day") she presented me with a poem, which she recited to me (the poem she has written in school and has done some painting on it) and also gave me a pot of "forgetme nots" which she had purchased quite alone. And since that day she is doing her best to be an obedient child. She also tries now to learn a little English and she is doing quite well. She has now decided to learn the language so that she might be able to speak to you when she meets you again.

Mother is again feeling quite nice now, she does not have any trouble now, let us hope it will remain like that.

contd

262

Unfortunate

Unfortunately my health is far from satisfactory. I had to see the doctor last week because since some time I am having trouble with my legs. There was the suspicion of an inflammation of the ~~ri~~ ^{views}. Fortunately it is not the case. But the doctor prescribed some tonic for me because I need it badly. I had been thinking of going to Badgastin myself this summer. Probably it will not be possible due to the fact that all prices will be increased by the beginning of June and the increase in wages cannot help because prices are rising more than what the increase of the income will bring in. So I will try to find some cheap place near Vienna and instead of 3 weeks holiday will go there only for a fortnight.

How is the weather in India. We are having very cold weather so that we had again to heat our rooms and ^{body} everything is wearing wintersclothes. To-day at 7.a.m. there were only 3 degrees above the freezing point. The papers reported that in the mountains it was snowing last night. This is really quite unusual for May, though there are generally a few colder days in May but not so much.

How is everybody at your end ? I hope that all of you are keeping well. When you and didi are coming to Europe this time ~~this~~ are you coming alone or bringing some of the children with you again? I do hope that there will be an opportunity of meeting you again. I should really like it.

Yes, I was so glad too that the special number of The Nation was reached my hands. But to tell you the truth, uptill now I could not simply find time to read it very carefully, though I am occasionally glancing through it and reading extracts. I even found "old acquaintances" in it, namely the *Letters*. But when my ~~xx~~ exam is finished (on the 3rd of June) I will read the whole paper carefully and certainly enjoy it. It is only a pity that the quality of the paper is not very good, therefore the reproduction of the photos is not good.

Do you hear from Nambair ? I have not heard from him since a long time. Director Rideter is now in Switzerland and he told me he would try to meet Nambiar if possible.

contd

261

Nathalal, wrote to me a few days back that he was coming to Europe. He was not sure if he would come to Vienna this time. If he comes I hope not before the 3rd of June, because I cannot afford now to lose a single day for my studies.

Well, as usual this has become a lengthy letter. Please give my love to didi and the children and accept same yourself

Yours affely
Sd/- *Illegible*

Anita is sending many kisses to all of you. She is still speaking of you every day. Mother too asks me to send her best regards and good wishes to all.

My dear Bose - Sahib.

Immediately after I
despatched my former letter by air, I
received a letter from Krishna Prasad
Nath Tagore. In this he has acknowledged
the receipt of your letter to him. In
deference to your wishes, he has
agreed to give us time till the
31st Aug '49 to square up our
accounts with him but in the mean-
time he wants that part-payments
should be made and some of his
furniture should also be returned
without making any commitment
whatsoever, I shall try to return his
furniture.

I have nothing to add
to what I have written before re:
the coming election in North Calcutta.
I understand that Dr. Prafulla Chandra

P.O.

written - to the High Command strongly
 deprecating the idea of setting up a
 Congress Candidate. From all indications
 of New Delhi's mind it is clear that
 every attempt will be made to contest
 you. If they succeed in getting hold
 of a Candidate, we shall have to
 organise campaigns. Anticipating these
 eventualities. I am taking the liberty
 of expressing my humble views to you
 as to how these campaigns should be
 organised. After the election is fought
 and won, the Socialist-Republican
 Party will have enough opportunities
 to acclaim your success as the
 success of the Party. But it will be
 dangerous if any one of the Party
 refuse to face the reality and fail
 to recognise that the present wave
 of Public opinion working in support
 of your candidature is a pointer to
 your personal popularity and not
 an index of our party's position and
 strength. In my humble opinion
 we should do nothing which might
 alienate any section of those who
 have voluntarily come forward to
 support your candidature but
 we should get ourselves mixed
 up with these heterogeneous but
 politically conscious elements and tactfully
 occupy the key-positions in different
 wards Committees and control the

Campaigns. I find many Congress
 members, forward Blocists and other
 leftists and many more powerful
 elements who are not attached to
 any political party eager to work
 in support of your candidature.
 In their present mood of despair
 they have been heartened by
 your offer to fight Corruption,
 jobbery, nepotism and black
 marketing from within the legislature
 and I see no reason why we
 should face them with questions
 not germane to the present
 bye-election or embarrass them with
 questions of conflicting party allegiance
 by asking them to come under our
 party banner. I think that the
 Socialist Republicans as individuals
 should in their own spheres take
 the initiative and also maintain
 their control over the election campaigns
 but it will not be prudent
 particularly in your absence from
 the constituency to set up party
 organisations to conduct the
 election or to make too much of
 our party flag. The day for the
 display of the party flag will come
 after the election and only when
 the result will be announced.
 I do not know if this very

frank statement of my views
is liable to be construed as one
smacking of want in faith in our
Party - but my only defence is
that I am expressing them to my
leader who knows very well the
degree of my loyalty to the party.

Amra Bana?

Last evening Anirya
Babu and Mr. Anil Gupta came to
our office and we had discussion
re: the financial position of
the Company. There is nothing
of importance to report and the
Bombay draft has not yet reached
me.

With my respectful
Pranams to Mrs. Bae and try.

yours affly

My dear Bose Sahib,

I received your
letters of the 12th and the 13th on the
14th instant. I have conveyed to all
members of the Staff your cordial
greetings and good wishes and I
beg to convey to you on behalf of
myself and Staff of The Nation
our respectful greetings and sincere
prayers for your long life and sound
health.

We made the very best
use of the circular sent by you and
the news stirred up Calcutta to a
sense of indignation. Strangely
enough no other papers in Calcutta
has cared to make any comment
on the news and that is perhaps

because other papers thought that in publishing the news we were after a scoop.

yesterday was the last date for the W. B. P. C. C. to receive application from Candidates desiring Congress nomination for the North Calcutta constituency. Our information is that the Congress has received two applications - one from Dr. Amarendranath Mukherjee and the other from Dr. Nalinaksha Samyali. In any case the Provincial Congress will have to set up a Candidate to appease at least for the time being the ruffled minds at New Delhi. The public opinion is however asserting itself and even within the Congress ranks there is considerable volume of opinion for not setting up a Congress Candidate. We are silently watching the day-to-day developments and will keep you informed as the situation develops.

I received a letter from Kumar Puranendran Nath Tagore asking me to return the money and his furniture without delay. I acknowledged the letter immediately after I received it and drew his attention to the letter you wrote him on the 11th inst. In reply to this Kumar Puranendran Nath Tagore

has written the following:—

"with reference to your letter no HD/C/10/29 of 12th inst. I have to inform you that I have so far received no letter from Mr. S.C. Bose in which according to you has been written to me from Dinn Dinn Aerodrome. Please let me know when you will make payment of my dues and also return my furniture etc. I have waited for a long time to accommodate your Company and I am not prepared to wait indefinitely. I draw your attention to the S.C. Bose's letter to me in which he asked you to repay my money and to return my furniture etc on the 31st of May 1949"

I am just sending him a copy of your letter to him written on the 10th inst.

Mr. Bague received his copies at 4/30 PM and disposed them the next morning. I made enquiries in the office of the star line and at Grand Hotel and I have been told that due to weather conditions the plane was rather late these two days.

and usually the paper can be delivered to the Bague at about 3/30 P.M.

We are finding some difficulties in sending money to the D.C. Savarkar as the Dollar exchange Permit has not yet been issued. I have today received a new questionnaire asking me to inform the Reserve Bank when the Savarkar left for New York, how the Savarkar has been maintaining there, why the Savarkar requires so much amount and from what other quarters the Savarkar is receiving money for his maintenance and also the date of his departure from India. I can answer some of these questions but I do not know when the Savarkar left India. In any case as things stand it may be some time before we succeed in sending money to the Savarkar. To remove misunderstandings you please write to the Savarkar explaining our difficulties. I am also writing to him in details.

We are trying our very best to keep up the circulation and to secure

Unopened letter to Saral- Chandra Bose Esq.

Dear Sir, I could not have ventured to write this open letter to you but for my high admiration and lofty hopes which thousands of children of the soil share like myself. It is a great joy to all countrymen that the only spotless leader is deciding to go to Assembly. Though the forces of re-actions will be darkened by very presence of your glaring personality yet the present Congress Gypsies which compose a majority by grace of Atle-Mountbatten, will continue to quell havoc inspired by your fierce but singular opposition. So my humble opinion is that this - let a so called Congress stalwart be called in and let him face the election as a nominee of so called Congress and you please nominate a worthy man (like Satya Babu, Sasanka Beker Babu etc) not only as a leader of Socialist-Republican party but as a leader of the masses and conduct yourself the election campaign as far as permissible under law and show the present Congress in the hands of the Ravane stand today. Except before fresh election people can not throw away these Congress nests and but the Congress. It publish it in Nation.

Sir,
I enclose a copy of my recent petition to the Government of West Bengal praying for release of my husband Saroj Kumar Ghosal, detained as security prisoner since 1st December 1948. His only fault was that he sought election in the Lillooah Union Board on Forward Block Ticket and was returned in the contest. This was intolerable to the local Congress circle and they began to harass my husband in all sorts of ways.

This is the 3rd petition I am submitting to the Government and besides an acknowledgement no action has been taken.

I am married only three years during which I have never seen my husband engaging himself in any subversive activities against the State.

Would you please exercise your immense influence in securing the release of my husband who has been unjustly detained under a lawless regime.

With my regards

I remain
Yours faithfully
Sd/- Sandhya Rani Ghosal.

Dear Sir,
Re: Release of Security Prisoner - Saroj Kumar Ghosal.

Prior to this I submitted two petitions to the Government praying for release of my husband Saroj Kumar Ghosal now detained as a security prisoner in the Dum Dum Central Jail but besides a simple acknowledgement no advice as to what consideration the government have given to the matter has been communicated to me as yet.

I may repeat that my husband had never been a communist nor did he engage himself in any form of subversive activities against the State. All that he did was to seek election in the Union Board on Forward Block ticket and became successful in the contest. Since the date of this fateful election he was being subjected to all sorts of harassment and subsequently on his election as Vice President of Lillooah Union Board he was dubbed as a communist and put in prison.

Contd

Some cases maliciously instituted against him in the Howrah Court were ultimately withdrawn and he was honourably acquitted. He did not ~~the~~ also join the hunger strike resorted to by the communist group in the Dum Dum Central Jail.

Do not these facts go to prove that he is not of communistic temperament for which his liberty has been restrained.

Relying on the assurance given by the Hon'ble Prime Minister Dr. B. C. Roy that the Security Act is not meant for application against a political opponent I applied to him on 10th March to remedy the wrong done to my husband and also wrote to you on 25th March, but no response has come to either of my petition.

This is the 6th month of his detention and how myself and his old parents feel his long separation can better be imagined than described.

I would therefore appeal to you once more to have my husband's case reviewed by a competent authority and order his release forthwith or give me an opportunity to prove his innocence in a court of law. I find a number of persons arrested as communists recently are being released through the intervention of highly placed government officers and influential Congress members. As I to understand that my husband and others similarly placed like him will suffer and languish behind prison bars because they have nobody to interfere on their behalf. Would the National Government do the barest justice to a fellow countryman who has been unjustly detained under a law-less law?

Yours faithfully

Sd/- Sandhya Rani Ghosal.

Reverred leader,

Enclosing a cutting from this morning's paper and the
writer has not spoken half the truth. We, Paris Indians are disgusted
with what is going on at our Embassy, run by the Hottentots, worth nothing
We wish the whole lot are sacked and replaced by patriotic Indians, who
have really done some sacrifice to the country. We beg of you to take
up the matter, so that, further scandals can be avoided, especially
from the pen of a foreigner as in the present case.

PARIS INDIANS WHO WANT TO LEAVE EMPIRE DRAW BRITISH RATIONS.

To the Editor of The Continental Daily Mail.

Sir - As India is so eager to become an independent republic, don't
you think that it is time we washed our hands of her and let her try to
stand on her own feet?

I have just returned to England from a visit to Paris and was very
much surprised, when in that city, to learn that the staffs of the
Indian Embassy and its sister organisations were enjoying to the full
commodities from British which are allowed to embassies and legations
of the Commonwealth through the Commissary of the British Embassy in
Paris, namely fuel petrol, cigarettes etc.

I object as a British taxpayer, to going short in British of the
above-mentioned articles when such persons can obtain these British
privileges and yet are working ^{in the hope of being under} no obligation to Britain even to the
extent of being no longer a member of the commonwealth.

They appear to be only too pleased to get what they can- and not
always in the furtherance of official duties. By this I refer to
petrol which is often consumed by these so-called officials to take
their families and friends for long week-end drives when we in England
owing to the shortage of this commodity have to take the bus - Yours

My dear Sarat Babu,

I understand that you are likely to come to Europe quite soon. Last week I had the opportunity of meeting Herr Von Rheinbaben, and he informed me that your discussions have been proceeding satisfactorily. He looks forward to a satisfactory settlement being concluded quite soon. Rheinbaben also gave me the impression on that it would be very useful for this as well if you and your son Asoke came over to Switzerland.

Shirubhai brought me news about you when he returned from India. He informed me that you are keeping well and that your professional work was getting on very satisfactorily. I am getting a copy of the paper forwarded to me ^{now} quite regularly.

Please, convey my very affectionate greetings to all the members of your family.

With kindest regards,
yours very sincerely,

P.S. Just now I received your letter of 27th April. I shall be referring to the point raised in it today to Shirubhai. I shall probably I shall be writing to you about this again this week.

Dear Mr. Sarat Bose,

Your decision to contest the by-election to the
West Bengal Legislative Assembly for South Calcutta General
Constituency on behalf of the Socialist Republican Party
is praise worthy and commendable. You have already
the course of true democracy in India by standing in
opposition to the party in power. Where you also held im-
position and which you discarded in the larger interest
the Indian people.

You are the only leader in India today who can
fearlessly give vent to his feelings however rep-
-table and distasteful they may be to the ruling
clique. Our good wishes are with you in this
election.

Thanking you,

Today Evening.

My dear Sisire,
your letter of the 1st. inst. was
delivered to day at about midday. We were happy
to learn that you were getting all necessary
facilities at the Children's Hospital. These
including opportunities for examining cases.

Our Summer vacation programme stands.
your mother and I are going to Switzerland
Asoka ^{Bor} will accompany us. But I am sorry
to tell you that my health has suffered
a great deal since last Saturday night. At 3a.
in the early hours of Sunday morning I
got a dull pain in the chest which persisted
for six or seven hours. ^{Bor} Sunil brought in
Dr. P. N. Brahmachari Cardiologist on the
3rd for taking electro-cardiographic photo and
the latter sent his report on the 5th. The

the conclusions in which are follows: — 225

- (1) Heart rate 79 per minute with regular rhythm and normal sinus mechanism.
- (2) marked left axis deviation.
- (3) Prominent Q waves in lead 3, & changes in the different leads and the inversion of T waves in the different leads point to an attack of Coronary artery occlusion of the Q, ST, T type pattern.
- (4) a rather low myocardial condition.

I am giving you full details to prevent you imagining that something is seriously wrong with me. Of course I am in bed and shall have to keep to bed till I leave for Dum Dum on the 11th. Except for going to the W.C. Arnel is against my moving about. I attend to urgent correspondence lying or sitting up in bed but beyond that I don't do very much. Professional & political work has been stopped.

The attack was to my mind due to a heavy lunch I had in the house last Saturday afternoon when we entertained Mrs. B. M. (of Rangoni). I don't feel ill now, but have been advised to be very careful. We shall leave for Bombay.

on the 11th by Air India have a days ²²⁴ rest and
and leave for Geneva on the 13th (Friday) ^{rest}
by Air India International. From Geneva, you
mother and I will proceed straight to Doct.
Widmar's clinic at Ghion above Montreux.
Asoka will stay in an adjoining hotel the
name of Hotel Victoria. I have already written
to D.P. Singh, Pratima Sen & R. Ramakrishna to
make the necessary arrangements and
have asked them to take Nambiar's
help, if necessary. The letters were taken
by Saitesh yesterday to be posted there,
so that they may catch today's Airmail to
Geneva.

We shall be at Ghion (either at clinic or
in a hotel) for a month certain - maybe
more. We propose to be in Europe for
two months and towards the end of one
day they visit London for a few days. Whether
we shall be able to go to Badgastein is
more than what we can say now. But as it
is one of the best health resorts, we may
be able to spend a fortnight or so there.
It will all depend on the advice that
Swiss doctors may give. We shall correspond
with Himmi from Ghion.

Please don't get anxious for
me. I have many more years to live and
work.

The members of the Indian Assembly will

-223

Indian Assembly will not be permitted to
speak out their minds. Prof. K.T. Shah (of
the Constituent Assembly & Legislative Assembly)
saw me here on Saturday last and
offered to join me in organizing the
leftists all over India. He will see
me in Bombay when I am there. The
Marxist group is solidly behind me.
There is good chance of defeating the Congress
in several provinces at the next elections.
No, you need not come to Switzerland
- unless we ask you to come. I believe
I shall rapidly improve in Switzerland &
we shall be able to come to London for
a few days towards the end of June or the
beginning of July.

Calcutta is quite pleasant still.
We are having rains often. Trust this
will find you in the best of health.
With love and blessings.

The report-

Nabadwip, the 10th May 1949.
 The Nabadwip municipality captured
 by the Congress party and the Local
 Congress Committee accorded an oration
 to Sri Abhaya Ghosh Secretary W.B.P.C.
 and the function was going on
 the Municipal ground. We attended
 the meeting and when Sri Ghosh
 was addressing in reply of his
 "Abhinandan" and questioned about
 the strength of his statement
 made on 1.5.49 concerning the
 wanton murder of Calcutta girls
 and we maintained all the
 decencies and decorums
 required in a public meeting. But
 the honourable Secretary answered
 that- might we have any
 authority to ask him questions
 nor has he any authority to
 answer them without the
 permission of the President.
 At this moment one of us
 begged the said permission
 but the President Tarak
 Banerjee who also combines

The officers of the Chavaranaship of Radia District Board along with the Presidentship of Radia Dist Congress Committee stood up on his feet and ruled out over more and abused us with the irresponsible utterings such as brood, brute, uncivilized, uncivilised etc. Then we prayed for their contradiction when some of the members of the local Congress Committee who are supposed to be pledged followers of non-violence rushed towards us with fury and assaulted us. In spite of this naked assault we remained peaceful all the time and were coming to terms and had the intention to hear the meeting and were talking with the Mahadwip Municipal Chairman of Sachin Kandy and President Tarak Das Banerjee. By this time, a second attack came upon us with the result of the flee of S. Ghosh and S. Tarak Banerjee and the meeting was dissolved. We attended the meeting to hear the Ghosh's explanation but came back with blows on us in a country which has so recently brought liberty and democracy.

SRI DISWANATH MUKHARJI held that the present administration in West Bengal was being manned by inefficient, corrupt and 'repressive' officers of the British regime. Referring to the Commissioner of Police, Calcutta, he remarked that the father of SRI S.N.CHATARJI had to be shot dead by the terrorists because of his 'oppression' during the British regime. He also characterised the Commissioner of Police as 'repressive' and 'anti-national'.

The President called upon the leaders of the leftist organization to unite in launching an agitation against the Congress Government and appealed to the audience to support the candidature of SRI SARAT CHANDRA BOSE in the ensuing bye-election in South-Calcutta. He observed that the Congress Government represented the mill owners, the capitalists and the black-marketeers only, and left the common men to their own fate.

in the Assembly. They supported the candidature of SRI SARAT CHANDRA BOSE in the coming bye-election and urged all to cast their votes in his favour. They praised the personality of SRI BOSE and recalled his sacrifices in the past.

SRI BISWANATH DUBEY criticised the shooting of women by the Congress Government and remarked that the production in the country was being hampered by frequent lock-outs, illness on the part of workers etc. and not due to deliberate strikes as hinted by the Congress. He implored the audience to use Congress vehicles and even accept money if offered by the Congress during election but to cast their votes for SRI SARATCHANDRA DOSE.

SRI SOUMEN TAGORE held that this was the opportunity for all leftist groups to unite and oppose the Congress. He continued that the misdeeds of Congress Government have long exceeded the limits and observed that unless people stood together and opposed the 'tyranny' of the Congress in a body, they would be doomed forever. Continuing he exhorted the masses to fight against the ~~xxxxxx~~ present Government and remarked that 'lath-charges' should be retaliated if necessary. He suggested that the big go-downs of rice,

SRI SUBODH DANARJI (incompletely identified) criticised the Government for not declaring holidays to observe the birthdays of NETAJI and KAVI GURU RABINDRA NATH TAGORE and sarcastically remarked that it was not slow in declaring the birthday of the King as a holiday.

Copies of an English leaflet, containing aims and objects of the Socialist Republican party were distributed in the meeting.

The Nation

SATURDAY, MAY 28, 1949

TO SOUTH CALCUTTA
LET ME TELL THE GOVERNMENT OF WEST BENGAL THAT I SHALL CONTEST THE ELECTION ON THE ISSUE OF THEIR MISDEEDS SINCE THEY ASSUMED OFFICE. WHAT WITH BLACK-MARKETING, PROFITEERING, CORRUPTION, FAVOURITISM AND NEPOTISM STALKING ALONG THE LAND AND RESORT TO POLICE AND GOVERNMENTAL TERRORISM ON THE SLIGHTEST OR NO PROVOCATION, THEIR NAME TODAY IS MUD".

It is on this simple, straight, direct, clear issue that Mr. Sarat Chandra Bose has sought the verdict of the electors of South Calcutta. There is no learned ideological disquisition to confound the general public. There is no party controversy to peter out our energies over non-essentials. There is no sectional, class, caste or group appeal to exploit factional exuberance and fanaticism. It is a general appeal, broad-based on fundamental things that concern the life and liberties of the people.

The message is historic. Its appeal to moral objectives will grip the people and is the kind of a message the distressed people need. It holds up to the citizen a course of duty for the fulfilment of which every one of them should contribute and co-operate. When the name of a Government is mud, it becomes the duty of the citizen not to remain passive any longer, not to pander to the weaknesses, the follies, and the foibles of that Government, but to assert himself, and build an eventual co-operative security based on morality, law and justice. The issues emphasised are the deep issues of freedom and security and of human dig-

nity. The Government may from time to time take a deep resolve to do all that they can for the welfare of the people and do nothing to wipe out the black-market and corruption. The Congress may pass resolutions and utter slogans and go to sleep. The Congress leaders may condemn these moral aberrations in indignant phrases, and to-day the black-market and corruption thrive as merrily as they did yesterday. The rift between the needs and interests of the people, and the policies and the activities of the Government is complete. And neither the Government nor the Congress leadership will care or dare to see themselves as others see them and mend their ways. Men and society are being driven towards irretrievable ruin. Confusion has seized them. A sense of disaster overwhelms them. Mr. Sarat Chandra Bose calls upon South Calcutta to stop the rot. We know South Calcutta will do its duty.

The speakers*condemned the present administration of the Congress Government and observed that Independence was won for the capitalists who were enjoying the fruits of freedom at the cost of the masses. They held that the Congress Ministry was responsible for all hardships and untold sufferings of the poor and the labourers, and urged the removal of Hon'ble Dr. Roy and Hon'ble Sri Nalini Ranjan Sircar from the West Bengal Cabinet. They demanded immediate removal of the Commissioner of Police, Calcutta, who was alleged to have been responsible for firing on many a occasion in Calcutta. They called the Commissioner of Police as an instrument of the British imperialism and demanded his retention in the present post. They appealed to the audience to vote in favour of Sri Sarat Ch. Bose in the coming by election in South Calcutta.

Prof. SAMBHU CH. GHOSH (incompletely identified) said that an opposition group in the Assembly was necessary to combat the misdeeds of the Congress Government. Sri SOUMYENDRA NATH TAGORE stated that the election of Sri BOSE in the assembly would expose the nefarious activities of the Government; in whose regime individual liberty had been crushed, refugees and women were shamed. He criticised His Excellency the Hon'ble Dr. KATJU, the Governor occupying a palace, whereas refugees were lying on the pavements. He also criticised the Hon'ble Pandit NEHRU for deciding to remain within the Commonwealth and employing the Indian soldiers outside India. Srimati LILLA ROY denounced the Government for the alleged killing of the women. Sri DEB NATH DAS criticised the happy living of the Ministers at the expense of the common people who were without sufficient food and clothing. Sri SATYEN BASU (incompletely identified) of the Trade Union Congress condemned the Police for their alleged killing of a pregnant woman and in the name of the unborn child, he urged people to take revenge. Sri JYOTISH JOYDAR alleged that the refugees of Salboni were under the grip of Section 144 and encircled by the Police. Sri SATYA GUPTA in supporting Sri Bose's election held that the Police as a machinery of the Congress Government should not be blamed for opening fire. He also anticipated the return of the NETAJI and hoped that he would be received by the people in the fittest manner. Sri NISITH NATH KUNDU advised the people not to mix up the Government with any political Party and asked the people not to be influenced by the Congress.

of SRI DEB NATH DAS with the approval of the Bengal Committee of the I.N.A. on the occasion of the South Calcutta bye election in which he challenges the ~~fascist~~ policy of the Congress administration. He states that, during the past war period, when all the parties become revolutionary inspired to strike a final blow to the British power, the British Capitalists tried their utmost to cripple this revolutionary activity by befriending with the Muslim League and the Congress. The outcome was the partitioning of India and establishment of a capitalist Government. The inhabitants of India were mortified but the public opinion was trampled down by oppression, detention with trial, prohibition, of meetings, firing, which became an everyday occurrence. The Congress won the 1945 election mainly by the propaganda and affect of the I.N.A. but the Congress policy was to destroy the ideals of Netaji. Under the circumstances, the I.N.A. Committee and its supporters proposed SRI DAS's contest in some bye-election.

vs.

209

Accordingly SRI DAS decided to contest in the election supported by all leftist and progressive groups. In the meantime, it was announced that SRI SARAT CHANDRA BASU would fight the election denouncing the mal-administration of the Congress. So, SRI DAS considers that there must be unity amongst all the progressive parties and he withdraws from the election with a view not creating a division in the votes among the progressive elements.

X - 1 At a meeting of the working

Provincial Hindu Mahasabha held at its office at 162, Bowbazar Street on 22.5.49, a resolution was passed supporting the candidature of Sarat Chandra Basu in the ensuing South Calcutta bye election. It was observed at the meeting in this connection that the present Congress 'misrule' and gross 'abuse' of power were the natural outcome of one party rule, so there must be a strong opposition in the Assembly to correct the Government and force it to take measures for national well being.

According to the Mahasabha, Sarat Chandra Basu is competent to form a stout opposition and he is contesting the bye election on the issue of fighting the mis-deeds of the Congress Government. Almost all the progressive political organisations outside Congress are united in their condemnation of Congress 'misrule' and so, as a first step for bringing about an end of the present Ministry, they have decided to support the candidature of Sri Sarat Chandra Basu and Sarat Basu's victory in the bye-election will, according to these organisations, serve as a public censure on the present Government and during the next few days the Congress will have to face the challenge of a determined united front of the above organisations and a tense political atmosphere is expected to be created. Frequent police-firing, curbing of civil-liberties and abuse of public-Security Act among others will come in for bitter criticism making it impossible for the Congress to hold public meetings in connection with the bye-election in South Calcutta.

They remarked that the lists of acts of omission and commission by the Congress regime both in the centre and West Bengal, were so large that it was no wonder that Congress hesitated long before venturing to contest this election. Finally, they observed that the issues on which Sri BASU was fighting transcended all narrow party and sectional limitations. The issues involved, they continued, were verily the issues of life and death for the people.

This is due to an open letter from SRI. JOGESH CHATARJI, SRI SARAT CHANDRA BOSE and other leaders to the Hon'ble DR. BIDHAN CHANDRA ROY containing demands for withdrawal of the order with the alternative that they will have to take resort to the necessary steps if demands were not complied with. In support of this open letter, the people of Calcutta and suburbs were building up an agitation by organising meeting etc for the last two weeks without any gap. He further appeals to the progressive masses of West Bengal to create wider public opinion in order to realise their demands in respect of withdrawing order under Sec. 144 Cr. P.C. from Dalhousie Square and to bring the offending Police-officers responsible for firing on the unarmed women, to justice. He casts a fling at the Police Commissioner of Calcutta for making a proud statement that the firing was meant for killing & he regrets that the same man is enjoying his post without any hindrance.

Character-ising the present West Bengal Assembly as a "Rubber Stamp Assembly", Sri ANIL ROY said that there was no opposition in the present set up of the Assembly. The presence of Sri SARAT BASU, who has decided to contest the coming bye-election of the South Calcutta General Constituency in the Assembly as an opposition member would be a great fillip in crystalising the progressive forces of the country. Sri KIRONMOY GHOSH held that the people had lost all faith in the Congress leadership who had 'betrayed' the peoples' causes.

The speakers welcomed Sri SARAT CHANDRA BASU and invited the citizens to cast their votes in favour of him in the next bye-election. They further observed that the time had come for the people to stand up against the alleged misrule and corruption of the present Congress Government and urged the people to establish a real 'peoples' Government' that would represent the great ideal of NETAJI and others who had suffered and laid down their lives at the altar of India's freedom.

Resolutions were adopted congratulating Sri SARAT CHANDRA BASU who had decided to contest in the South Calcutta bye-election against 'autocratic' Congress misrule inviting the attention of the voters' to pool all their resources in the coming election so that Sri SARAT CHANDRA could come out victorious with a thumping majority, condemning the Congress Government for its 'unholy' alliance with the Britishers in the Commonwealth, and deprecating the recent police firing on women.

LEFT ORIENTEDNESS BY SHRI SARAJI, ALPURA, HARYANA.

C.T.S.(15).
Dated 2.5.49.

With the conclusion of the Commonwealth Prime Ministers' Conference at London and India joining the Commonwealth of Nations, the Leftists except the Socialist Party are trying seriously and vigorously to urge a United Front under the leadership of Shri Sarai (Chandra Bose). Shri Bose has been exploiting the situation and he addressed the United Trade Union Conference held at 30.4.49 at the University Institute Hall. Mr. S. S. Bhatnagar of the All India Forward Bloc finds himself in a dilemma. In spite of his desire to come to Shri Sarai's left consolidation, he finds no justifiable excuse to sever his connection with the Hind Mazdoor Sabha which he recently joined hands together with the Socialists. The United Trade Unionists backed by Sarai, Tagore, Nripendra Kanti Bose and others have been insisting on Shri Sarai Chandra Bose to accept either a left or right consolidation, only when he broke away with the Hind Mazdoor Sabha.

LEFT ORIENTEDNESS BY SHRI SARAJI, ALPURA, HARYANA.

K.M. Joglekar has suspended Satya Prasad Bhowmik and Satya Prasad Bhowmik from the membership of the party for their alleged negotiations for a merger with the United Trades Union Committee of Bengal led by Shri Sarai. Shri Sarai has been maintaining an attitude of non-cooperation in this regard, although he has not disavowed the action of K.M. Joglekar, in his left-oriented consolidation with the C.I.L. On the other hand, Sarai has been trying to steer clear of the Hind Mazdoor Sabha. He has been working, when he returned from Berhampore on 21.4.49, and discussed an acceptable plan as to facilitate the return of Bhowmik and his supporters to the fold of the Hind Mazdoor Sabha. About a week or ten days hence, Bhowmik will organize a convention of the Forward Bloc workers of West Bengal, where Shri Sarai, Mrs. Isela Roy and others would be expected to attend. An appropriate resolution would also be adopted regarding Bhowmik and his supporters to join the Hind Mazdoor Sabha. Sarai is also organizing an all India Convention of the Forward Bloc at Pondicherry on 27th, 28th, 29th and 30th May, 1949, wherein a resolution is proposed to be adopted condemning the Congress leadership for joining the Commonwealth of Nations and demanding India's separation from the said organization.

But the conference had to be postponed owing to non-availability of any hall for this purpose.

The signatories to the said joint convention viz. Dr. RADHA BENODE PAL, ATUL GUPTA, SARAT CHANDRA BASU, MRINAL KANTI BASU, SALYA BAKSHI, AKBARUDDIN of Paschim Banga Patrika, DEBENDRA NATH MUKHARJEE and others are all stressing the need of an impartial enquiry into Police firing and an informal meeting of the representatives of the above organisations is being proposed for appointing a non-official enquiry Committee and Dr. RADHA BENODE PAL's name is being proposed as the Chairman of the proposed Committee.

X.C.-29 (b) At the Council meeting of 4.5.49. the All India Postal and R.M.S. Union held on 29.4.49 at the Tara Pada Memorial Hall, (Sri RAJ BALADUR), General Secretary, United Provinces, Provincial Branch, was elected as the Chairman. The agenda for discussion included chalking out the programme of the Conference, Realignment Scheme, Export Committee Report, Confirmation of temporaries, Departmental Examination, Reunion of pay and enhancement of Dearness Allowance according to the recommendation of the Pay Commission. The proceedings were on the lines to help the present Government functioning, and to prevent disruption amongst the employees.

At the open session (400) held on 30/4/49 at the Mahabodhi Society Hall, Sri SARAT CHANDRA BOSE was elected President of the All India Postal and R.M.S. Union for the year 1949-50. Sri NIRMAL CHANDRA CHANDA, Chairman of the Reception Committee, criticised the Government's inability to stand by their profession to give amenities to the employees who, in practice were harrassed and often denied the privileges they sought. Sri SARAT CHANDRA BOSE, in his presidential address, referred to the present political and administrative set up in the country and held that India today was being guided by the Anglo-American Bloc in the International sphere and the capitalists in the national sphere. As a result, they were almost on the brink of a precipice. India, Sri BOSE said, had entered upon an acute phase of the struggle for economic freedom, for equal opportunities for all, for socialism, in short. In order to hasten the advent of such a Government, he and his co-workers had already set themselves to the task of trying to co-ordinate the activities of the leftist organisations and elements in the country, whose combined strength, he hoped, would be able to overcome the force of reaction and herald the Socialist order. Sri BOSE criticised the Government for not implementing the recommendations of the Central Pay Commission which had already been accepted by them on ground of 'no money in the state Exchequer'. Money seemed to be in abundance, he said, for giving big salaries to men in the upper grades of service, but it ran short as the case of the sub-ordinate workers came up. Referring to the recommendations for Dearness Allowance by the Pay Commission, Sri BOSE warned if the Government did not fulfil their promise in this behalf, chaos and confusion would result. Other points

56

169

of Sri BOSE'S criticism were, as he said, Government's reluctance to sanction additional hand to the subordinate cadre and their quick activity in the matter of creating posts for Gazetted officers and non-confirmation of temporary staff in the Post & Telegraph Department. Thereafter Sri PRATAP CHANDRA CHANDRA, President, Circle Officers' Union, dwelt on the grievances of the public so far the P & T Department was concerned and requested the members to look into their comforts. Sri P.C. CHATARJI, Secretary, All India Telegraph Association spoke about the general grievances of the staff. 246 delegates from all parts of India excepting from Bombay, Central Provinces and Orissa were present.

At the meeting (70) of the subject Committee attended by the delegates, the following resolutions were taken up for discussion:- Confirmation of the temporary employees; Implementation of the Expert Committee's Report; Fixation of the pay and Dearness Allowance and anomalies arising out of the Pay Commissions award; Adoption of examination for promotion to the selection grade; Departmental examination for I.P.Os. and I.R.M.S. by the Federal Service Commission, Facilities of accommodation and enhanced rate of house rent, harrassment of the Union members.

At the second day's open session (400) held on 1.5.49 at the Indian Association Hall with Sri BIRENDRA NATH GHOSH as President the resolutions adopted by the Subject Committee were passed. Over the question of resolution relating to the examination of the I.P.Os. and I.R.M.S. to be conducted by the Federal Service Commission, the delegates of United Provinces and the East Punjab staged a walk out as there was a difference of opinion regarding the word "Permanent" appearing in the resolution. Sri H.L. SETHI (incompletely identified) who agreed to this resolution in the Subject Committee proposed an amendment but it was disallowed. The delegates, however, returned after some time. When the resolution was taken up again and the amendment was accepted and the resolution being amended was passed. It was decided that the resolution regarding arrested personnel and other two minor resolutions would be taken up for discussion in the next days' sitting.

At the third days' open sitting (60) with Sri BIRENDRA NATH GHOSH as President, resolution was adopted demanding the release of the arrested personnel of the Post & Telegraph Union provided there was nothing incriminating against them.

My dear Chitra.

I was very glad to receive your letter of the 14th inst. yesterday. I had been already wondering what had happened to you all, because I had no news from you for a long time. So far as I can remember, I wrote last to your father on or about the 29th of March, saying I had got the Birthday special number of "The Nation".

It is wonderful that your parents and Subrata and Roma could go to Kurong for a few days rest. And you poor girl had to stay at home. But never mind, I also stayed at home. We had 2 days holidays at Easter (Sunday and Monday) and I took my day off, to which I am entitled every month, on Saturday, so that I had three days in all. How I spent them? Working. But I did not study. There was too much house work to be done. And the physical strain was my recreation after the brain work. On Saturday morning I did all the Easter Cleaning, Saturday afternoon I went to the hairdresser, then we all went to see the Easter procession, which is a most boring affair, because you meet all the old women of the environment there who have nothing else to do than ~~walking~~ watching the other people and later on telling each other "What an impossible hat Mrs X has been wearing" or "How can Mrs Y afford these expensive clothes" etc etc. I slipped away a little earlier and rushed home to prepare dinner and the Easter-presents for Anita. We had a few friends for dinner, an elderly couple (friends of my parents) and Dr Madan and an Indian dentist who had arrived a few days back in Vienna for doing some practical training here. It was quite nice. On Sunday we were invited by Dr Madan and on Monday Mother, Anita and myself went for a little walk in the afternoon. The days were glorious. Sunny and warm and all the trees in full blossom. What a pity, you did not see Vienna in Spring time. May be, next time you come to Europe you come in Spring or Summer.

contd

Thanks, mother is feeling quite well now. Anita is too, though she is still coughing. I think it is a catarrh only, because she has no fever and is very lively. I have got a bad cold now., due to the ~~rather~~ weather. Outside it is warm and inside the rooms are a bit chilly. And since we do not heat any more, it is very easy to catch cold. I am again studying very hard because, on May 2nd I am having the first examination (the one in writing) and on June 3rd the second examination (orally) when I think of it I wish the earlier would open and swallow me.

The other day we saw a nice film "^{Jungle} Djmgel book" after Rudyard Kipling's book. The pictures were beautiful. Anita was so frightened because of the tiger and snakes but she liked the elephants very much.

Of course, Anita remembers all of you very well. She is still every day speaking of you. At school she is making very good progress now and likes it very much.

I had a letter from Sisir on Friday last in which he wrote to me that your parents are planning to come to Europe in May ~~last~~ next. I hope they will again spend a few days in Vienna. I should so much like to meet them again. Are you and Roma coming too, this time? That would be fine.

Well, my dear girl, I think I have written quite a lot to day. Please give my love to your dear parents, to your sisters and brothers and accept same yourself. Anita sends fondest kisses to all. My mother too is sending best regards and greetings.

Sarat Bose

Yours v. affly
Sd/- Aunty.

P.S. Did your father get the letter in which Anita added a few words in her own hand-writing? The same day I had posted letters to Roma and yourself. Only I can remember the date. It must have been sometime towards the middle of March. Please write soon again.

I had just a phone call from Dr Madan. He asked me to convey his respects to all of you. He says he had not heard from your father or you since a very long time nor has he received any letter from his father. He is very upset and thinks, something has happened to his parents

Personal

My dear Mr. Rose,

Counting the days before your arrival
in Switzerland I fancy you might
still get this letter in time (6-7. May?)
to make use of its content before you
are leaving India for a little while.

1.) First of all I want to express my
great satisfaction that our correspondence
on "Export of Byk - Guldens preparation"
has made such headway, and
that the practical stage of this
section of our business relations
seems to be very near. We trust that
you will understand our plan

to begin with only those 7 preparations whose introduction into the Indian market should be relatively easy and successful in the way of profit. After such introduction we may without difficulty choose ~~the~~ other remedies among the Byk collection or complete orders by new and promising products at present on trial in Germany.

2.) To our great regret - we had to ask BIVA's LTD who do all the translation work for propaganda in Calcutta. Besides the reasons given already in our recent letter you and your son will certainly share our view that ~~now~~ no English translation done here would be satisfactory for practical use in India. This is true at any rate for the first period of our ~~collab~~ Collaboration, until our chemist have learned on the spot - how to do this thing properly.

3.) Now I come to the most -

important-point of this letter: The date
and the preparation of the journey
of our first-chemist-Dr. Arthur Greefe
to India. You seem to be agreed that
we shall discuss and decide this
matter together in May. I may add the
following consideration to what I have
written you on March 3rd. Dr. Greefe
has now received his Exit passport
and will have his visa to
Switzerland exactly the day of our
meeting there. From that date on
he ~~can~~ can be out side of Germany
(without a possible prolongation by the
French Authorities) 3 months, and
it would be highly desirable
that he makes the best use
of these three months by flying as
soon as possible after our meeting
to India, because his report will
be the basis of all the coming
decisions concerning UNOBIVA's
installation and future
production. My idea would be
that you and Dr. Greefe
(of course I hope also your son

Asoké) Should discuss everything connected with his journey and work in May, and in case you feel confident, Dr Greafe should fly off after the meeting in Switzerland, either in our Company or according to the disposition of your son. ~~There~~

~~by~~ There will ~~be~~ certainly be all sorts of formalities with the Swiss police and in your Legation at Berne, but I hope they will be mastered. And I beg you see Mr Rose handle this matter in mind and prepare its procedure as much as you can do already now.

4.) I shall be in Zurich again. April 27th have arranged meetings with Dr Gmür and Dr. Zürcher. I shall report the results to you immediately.
 (OMNICHÉMIE - general chemical and pharmaceutical export.)

My dear Sjt Sarat Babuji,

I presume, you will have returned to Calcutta by the time the letter reaches there.

I wish to thank you for your kind letter of 5th inst. Mr. Ghosh, the Managing Director of "The Nation" has in the meanwhile sent me an official letter, which I have confirmed.

Mr. Sailesh Bose inquired the other day about the bearing authority, which you had given to me while at Bombay. After its use on the 10th night I sent it to you by registered post the next day. It must have reached Calcutta after your departure to Kurseong and I hope you have got it by now.

I am sending you herewith a translation of a report that was published by a Gujarati bi-weekly from Ahmedabad, called "Hindu Samaj". The contents are noteworthy and am taking this opportunity to bring the same to your notice. To me this does not seem to be an isolated case because a friend of mine tells me that he has come across a similar report in some British paper.

I hope you are keeping well and expect that you will be paying your routine visit to Bombay next month. With most humble regards.

Yours sincerely

Front Page Head Line - Subhas with Fakir of IPI 2

Subhas nursing hopes to reappear with bugles of victory; Subhas's wife and son crop up in Germany; mysterious moves in Bombay by Subhas's brother Bose in Bombay. "Sher Subhas is alive. It is useless to doubt it. That is the general opinion. British and America believe that Subhas is alive and is devoting his life to spreading communism in Asia and is hatching the ambition to become the Generalissimo and dictator of communism in Asia. It is said that when Subhas's elder brother visited Germany recently, a beautiful German lady came to him with a boy having resemblance to Subhas. She said that when Subhas had come to see Hitler, he had concluded civil marriage with her and that boy was the fruit of that. This is the son of Subhas Babu. Shortly I shall come to India to see my husband's country and home".

Latest secret now known is that well informed people believe in Netaji being alive and that he would soon reappear. And the recent bombing of frontier areas under Fakir of Ipi's control suggests that Netaji Bose is there at present. Why does not Bose Babu come out in open even at the present period of crisis? In this connection well-informed circles believe that it is not Netaji's desire to reappear under ordinary circumstances.

On 8.4. Subhas's elder brother Sarat Bose had called a meeting of the Socialist Republican Party, Forward Block and Maharashtra peasants and worker's Party. It was attended by 70 delegates. This meeting was held behind closed doors. It is, however said that a secret plan to oppose the present Government effectively was discussed. Sri Sarat Bose had appealed to

Si. Sarat Bose On City
Incident
Si. Sarat Bose issued the following on Thursday:- "What happened in the streets of Calcutta last evening was nothing short of an outrage. A force which cannot function except by shooting unarmed women has no right to exist. The demand which is on the lips of every decent citizen today is that Dr. Bhaban Roy's Ministry must quit B. Bengal. I give expression to that demand." A.P.

Personal

Answer to your letters of March 25th, April 3rd and 4th

My dear Mr Bose,

In the following I reply to the essential points raised in
the 3 letters quoted above.

1). Dr. Prufer's mandate in the future Board.

He has been invited by your government to lecture and give his advice
in international law etc. He is ready to enter into the future Board
of "UNOBIVA" as one of the members presented by our group. No need for
you to approach him at present.

2). Budhdeo Problem

You would do me a personal favour if without further delay you could
seriously try to come to an understanding on the basis of the memoran-
dum of December 14th 1948. Budhdeo has written long ago to Director
Rauch and I have delayed the answer because I waited all the months
the results of your direct negotiations. Should Budhdeo definitely ~~refuse~~
refuse collaboration on the basis of the memorandum of Dec 14th, we
would be obliged to let him know that to our great regret we see no
chance to meet.

My dear Mr. Bose: You know that personally I have nothing to do at
all with Mr. Budhdeo's wishes and demands and that I am acting exclusi-
-ly on behalf of Director Rauch's relations with him; I am therefore
again expressing my hope that you will find your way to make use of
Mr. Budhdeo's pharmaceutical knowledge and experience to the benefit
of UNOBIVA and of us all, without making concessions in the fundamental
structure of our enterprise as agreed between us November 23rd 1948

3). Your new journey to Switzerland in May

As I have written in and "between the lines" several times already
is my firm belief that without a continued personal contact during the
first period of our collaboration, we could hardly overcome all the
many doubts and difficulties which necessarily must arise in so
complicated and far reaching a matter. This time you take the trouble
to come again - let us hope that at another occasion one of your
sons will be at the station of Calcutta expecting one of our European
group. At any rate; Welcome, heartily welcome in May in Switzerland
I suppose from both ends we should do now our best to prepare the
decisions of May as carefully and as thoroughly as possible. As for me
I shall:

a) have advanced my "sounding" in the "Big Project" to a point (with-
out taking any obligation on your behalf) that in case I find the
expected interest for a French-German-Indian combination. I can arrange
a meeting between you and the competent representatives of the European
industry and eventually finance; eventually I shall arrange a meeting
for you also in Paris. Should I fail in my expectations I shall at
least be able to give you useful advice as to the future procedure.

b) prepare meetings between you, Rauch, myself and the Swiss lawyer
Dr Gmür and the Swiss wholesaler Dr Zudrcher, concerning foundation
of the Swiss Holding (probably "OMNICHÉMIE") according to your wishes.
We believe to have thought out the general idea of a scheme which may
be acceptable to all of us.

c) see for the realization of your suggestion concerning "Question-
naires" etc. ready for a general preparation of the future production
programme of UNOBIVA (as described in your letter of April 3rd.)

contd

100
d) introduce to you the leading Chemist (for installation of UNOBIVA) and if possible also the permanent Chemist, i.e. the gentleman who should be the chief of the Chemical and pharmaceutical production of UNOBIVA. According to your intentions we shall settle together their future position in UNOBIVA, including first of all their journey to India, payment etc. etc.

Now you may kindly allow me to lay down my suggestions as to what we hope you should bring along with you.

I. Your son Dr Asoke Nath Bose. He would be of a very great help for everything mentioned in our correspondence.

II. If by any means possible the legal documents of the achieved foundation of UNOBIVA. You can easily imagine that with these documents we shall be able - in your presence and with your active participation - to proceed to the definite treaty between OMNICHEMIE and UNOBIVA, replacing our preliminary agreement of November 23rd 1948 after having previously founded OMNICHEMIE (Swiss Holding) including the many important auspices for general business, as described in my previous letters.

Should you not yet be able to produce the legal documents, please bring all the preliminary documentation, data etc which would allow at least to work out in common the coming agreements together with the Swiss lawyer (Dr Gmur)

III. A concrete proposal of the amount of your cash investment in OMNICHEMIE, which also in this matter would enable us to negotiate with Dr Gmur, and settle as much as possible all the intricate problems connected with the general scheme to which, as it seems, you have agreed already in principle. (Composition of the Board - Valuation of our shares - Prominent Indian influence etc)

IV. Result of your definite negotiations with Mr Budhdeo.

V. Mandate to act according to the result of my "sounding" in the "Big Project" (please compare 3a)

VI. Concrete proposal as to the composition of the Board of UNOBIVA.

Dear Mr. Bose, Please accept the whole content of this letter as my personal suggestion and as a material for your decisions. Change them or complete them as you think it advisable and lying in the sphere of your interests and schemes. In conclusion I may add 2 remarks of a general character.

A. "TRANSMONTANA" (Dr Zurcher) may start a direct correspondence with BIVA's Ltd. concerning some deliveries of chemicals ("Confidential List December 1948) at once and independently of the results of our May conferences, it's me who has encouraged Dr. Zurcher to do so.

B. All advances from your side before the legal procedure of the founding of UNOBIVA (Mr Kohli's journey of the chemists or others) will of course be made on the cash capital of UNOBIVA Ltd, and figure later among the general costs of its installation.

Hearty greetings - Best wishes.

Yours very sincerely

Sd/- B. Rheinbaben.

Translation of News Paper Cutting of Urdu Weekly THE SADAJI VIJAI of Poona dated 9.4.49 placed in a cover addressed to A.N. Bose Esqr No.1 Woodburn Park Calcutta PO Elgin Road along with a letter from 68 Patamdi House New Delhi 18th April 49 written by Abid Hassan in English

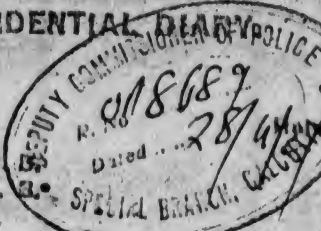

1. Life mate of Netaji Subhas Chandra Bose's wife is shortly coming to India with her 8 years old son.
2. Mr. Sarat Chandra Bose met them in course of his visit to Europe but he kept it secret
3. It is most probable that Mr. Subhas Chandra Bose is also appearing.
4. The grave exposure by the Correspondence of the SADAJI VIJAI

Poona 9th April - The weekly Urdu paper is responsible for this news that the German life mate (wife) of Netaji Subhas Ch Bose is short arriving in India with her 8 years old son. It is wonderful that Mr. Sarat Ch. Bose ret'd to India 2 months ago yet he has not disclosed about his nephew and his sister-in-law i.e. wife of Netaji Subhas Ch Bose. When Mr. Sarat Ch. Bose was asked about this matter, he kept silent and he always tried to keep it secret. From the attitude of Mr. Sarat Ch. Bose it can safely be said that this is a fact and he should make it public giving details.

The readers will remember that after his return from Europe, Mr. Sarat Ch. Bose, stated that he has strong belief that Mr. Subhas Ch Bose is alive and he will appear in time. The Correspondent writes that Mr. Sarat Ch. Bose met his BOWDI and BHAIPPOO when he visited Europe recently. While he was in Germany Mr. Sarat Ch. Bose was frequently visited by his sister-in-law and the 8 years old boy. Those who saw the boy have said it that the face of the boy resembled with that of Mr. Subhas Ch Bose. The wife of Mr. Subhas Ch. Bose told Mr. Sarat Ch. Bose that hearing his arrival in Germany she has met him and will soon go to India. This lady has acquainted Mr. Sarat Ch Bose of her marriage with Mr. Subhas Ch. Bose and the birth of the child. She showed Mr. Sarat Ch. Bose her several photos with Mr. Subhas Ch. Bose. It was thought & believed that Mr. Subhas Ch. Bose surely went to Germany in 1940. It is probable when Mrs. Subhas Ch Bose will come to India he will also make his appearance here.

Dear Dr. Roy,

In connection with the number of items which have been discussed with the High Commissioner for India, Mr. Krishna Menon, and Mr. Robert Cleminson, of 101, Bayswater Road, I regret to say that although our discussions have been going on over a very considerable period, nothing to date has eventuated.

I now understand from the local Press that there are likely to be changes in personnel at the Embassy, and therefore, there is a probability that all our efforts may come to nothing.

From the E.M.I. Factories point of view you will remember that we have prepared and forwarded plans of an Electronic Factory, which were taken back to India by Sir V. Krishnan. We have yet to hear whether anything further is expected of this Company, or whether our plans are acceptable.

Is there any possibility of your finding out for us what is happening in connection with this project?

Yours faithfully,

Dr. Roy,
32, Stamford Brook Road,
W.6.

Dear Dr. Roy,

Further to my letter of today's date dealing with the Electronic Factory and E.M.I. Factories Ltd., I am writing you this second letter in a private capacity as the matter below does not concern E.M.I. Factories Ltd., but does definitely concern the number of contacts made personally on behalf of the people of India. I cannot help but feel that the many opportunities to take advantage of manufacturing capacity in this country are being sadly neglected, and possibly some spur is necessary to insure that more rapid action is taken.

Through the intermediary of E.M.I. Factories contact had been made with a number of large manufacturers who had offered to put manufacturing capacity at the disposal of India, and further had indicated their willingness to operate a factory in India at the Indian Government's expense, but with the object of providing the skilled and technical 'know-how' until such times that the Indian Nationals can take this over under their own control.

To mention but a few of the firms, I would cite the following:-

1. Manufacture of film equipment, projection equipment, and all types of associated apparatus for cinema purposes. Educational films and a film Studio equipment.

Messrs. J.A.Rank (G.B. Kalee Ltd.). This Co. offered to manufacture both in this country and abroad, and set up for manufacture in India, and are awaiting discussions between their Principals and the Indian Government.

2. Manufacture of Horticultural equipment, small internal combustion equipment, Jack lift trucks, Refrigerators, etc.

Messrs. Clifford Motors Components. This Co. offered capacity as far back as last October for manufacture in this country and abroad, and are waiting to hear something more definite regarding manufacturing orders. This Co. also offered to find capacity for the manufacture of your mechanical Rickshaw and metal Bus Bodies, but unfortunately this offer was not taken advantage of. We did have a conversation with Mr. De Milo during his visit to this country, but since then we have had no further instructions.

3. Manufacture of Prefabricated houses, etc.

Contact was made with one of the English Companies manufacturing metal prefabricated houses, who again indicated their willingness to manufacture at home for shipment to India, and to manufacture in India prefabricated buildings. This offer was passed on to Mr. Cleminson, but up to date nothing further has been heard of this offer, which is now many months old.

The above gives a broad indication that manufacturers had been contacted and are willing to co-operate in getting things moving for your country, but unfortunately we are meeting with so much frustration that questions now raised regarding supplying India with any particular commodity is looked upon as being something farcical.

Yours faithfully

My dear Sarat,

I am sending you enclosed herewith the following :-

1. Photostatic letter LA - This is the photo of an original note in my possession which was written by H.C. some time in the latter half of the last year. From this you can see that Mr.Clemenson must be on very friendly terms with the High Commissioner and being a business man it only stands to reason to infer that there must be some business dealings between him and his friends the H.C.
2. Photostatic letter LB - This is pinned to LA and shows the name of Mr.R.S.Clemenson which was written on the back of the note of which LA is the photostatic copy.
3. Photostatic copy of the front and the back cover of an illustrative brochure which we managed to get. I understand that the Orissa Government is concerned in this Company in which I have come to know the same gang is operating. Will you kindly investigate it from your end.
4. & 5. Two photostatic copies of letters - originals in my possession - from the E.M.I. Factories to Dr.Roy. The last paragraph of the second letter (without the name of the Company printed at the top) is very condemning to the interest of India as you will see that they consider the enquiries and dealings with India House as farcical. E.M.I. is a very big concern and a very powerful one and if their Engineering Director thinks in such terms it is time that the behaviour of the H.C. should be brought to the notice of the public so that they may judge for themselves as to what type of reputation the H.C. is creating in the minds of responsible and influential business people here. Formerly a few weeks ago I only sent you typed copy of E.M.I. letters but now I am sending you photostatic copies of both letters so that you can if you so like show them in the paper.
6. I am sending you a list of persons invited to lunch parties to meet the Indian Finance Minister held at Dorchester Hotel in June, 1948. Page 3 under 'Others' you see the name of Mr.R.S.Clemenson included in the party. It will be desirable to know in ~~the~~ connection Mr.Clemenson is invited and if it is because of his business abilities, then surely the India House must be taking advantage of them directly or indirectly, and it will be obvious that the Prime Minister's statement that Mr.Clemenson has no dealings with India House with regard to business must be incorrect.
7. I am sending you the Daily Graphic of March 28th, 1949 and under the 'Inside Information' where the crosses are, is contained information regarding Nehru. Will you be good enough to investigate it through your Delhi Correspondent.

2-1-9

We are investigating the various/purchases as follows :-

1. Munition deal particulars of which have been sent to you per Mr. Rai.
2. New munition deal now going through Paris.
3. Re the Mitchell Bombers.
4. Buying of 1000 Jeeps in Italy.
5. Whisky deal.
6. Property deals.
7. The organisation of India House.
8. Facilities to Indian business men.
9. Students.
10. Passages to India by steamers.

With regard to 2. we now understand that the firm is charging higher prices (in dollars) for the same munitions as in 1. As deal 1. did not go through probably the persons concerned thought it better to cover their commission with higher manufacturers own prices. This can easily be arranged by mutual understanding. Is it possible for you to obtain the prices of various items in 2. and 3. and 4. which the Government of India agreed to pay for them? From this end we can easily find out the selling price of the manufacturers and thus discover the enormous profit being made at the expense of ignorance or connivance of the Government of India. Some particulars have already been sent to you. Will you also try and find the prices paid for properties. All these prices paid by Government of India will be found out by us if possible from this end but it may perhaps be easier for you to do it there.

Regarding India House it is a well known fact here that the dissatisfaction amongst the staff is very rampant but they are tongue-tied and frightened to say anything in more than a whisper because the narrow minded High Commissioner keeps a close watch as to what persons his staff is associating with and should it be one of the 'undesirable' contact the poor staff man is severely told off and even victimised.

The Students have no good word for him but as the great majority depend for one thing or the other on him or are in search of Government employment they also have to be tongue-tied. Regarding passages, you yourself know how difficult it is. In the case of one person the matter was brought to the notice of Deputy High Commissioner who on learning about it showed great surprise and was disgusted at the way the persons in charge for passages have behaved. So much so that this person at the India House through the D.H.C.'s interest got the passage within three hours and sailed five days after while he has been waiting before that for nine months and up to the time of seeing the D.H.C. was not given any assurance as to the time when passage would be given.

I acknowledge your letter of the 18th instant and am grateful to you for the copies of the 'Nation' received every week. Will you please write to me about the circulation of the 'Nation' and also as to how the Socialist Republican Party is being received by the masses. I must congratulate you on the tenacious way in which you are carrying on this hard work of serving India by devoting a great part of your energy to-wards mitigating corruption, nepotism, racketeering etc. wherever it is found in India or in the Embassies abroad. Do write to me all the news from your end, in particular about the party and the Government of New Delhi. All the friends send you cordial greetings.

Yours very sincerely,

Thuliant

MR. SARAT BOSE
To Contest South Calcutta
By-Election

Mr. Sarat Chandra Bose has issued the following statement:
 The news that the Government of West Bengal have, after nine long months, been conveyed to me in my sickbed and bed. I am dictating my reaction to it lying in connection with the coming election in South Calcutta seem to indicate that the Government have inside information regarding my physical condition since the last May and my intended movements for the purpose of treatment rest and cure. Let me tell the Government of West Bengal that I shall, on behalf of the Socialist Republican Party, contest the election on the issue of their misdeeds since they assumed office. What with blackmarketing, prodding, corruption, the land and resort to police and Governmental terrorism on the slightest or no provocation, their name today is mud. I am perfectly sure that the electors of South Calcutta whom I have represented many times since 1927 will acclaim this decision of mine. I leave my candidature and its result entirely in their hands. In the full confidence that they will fight and defeat the forces of reaction that will be stirred against me in my absence. - A.P.

Billion-dollar Atlantic Pact 'teeth'

WHILE America prepares to spend further billions of dollars to aid rearmament and recovery in Western Europe, ten nations there will take a fresh step in London to-morrow towards closer unity.

And Italy's Senate, by 188 votes to 112, gave her Government full Parliamentary authority last night to join the Atlantic Pact.

REARMAMENT.—Spending of £450,000,000 as the first instalment of a long-range military programme for Western Europe and other non-Communist countries is planned by the U.S.

It will include £300,000,000—1,200,000,000 dollars—for members of the Atlantic Pact.

The rest will be used in Greece, Turkey, Persia, Latin America, the Philippines and perhaps other areas.

The programme is expected to come before Congress in the middle of April.—B.U.P.

MARSHALL AID FOR STEEL FIRMS

RECOVERY—European materials needed by the industry to reach its targets.
2.—Rolling mill plants for producing such items as sheets and tin plate, which are scarce.
Twenty projects in Austria, Italy, Britain, France, Belgium, Luxembourg, Turkey, and Norway—are involved.

If Washington approves the plan, as expected, a South Wales scheme will get more than £6,500,000 and a Glasgow steel firm more than £1,150,000.

The first phase calls for the use of £25,000,000.

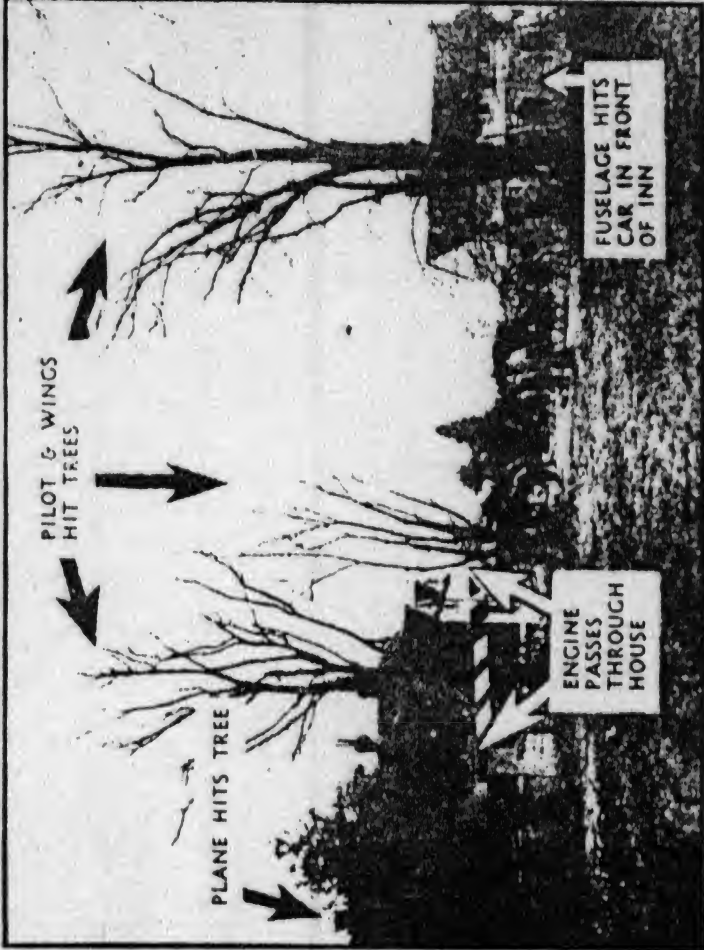

'REGISTER OFFICE' WEDDINGS FOR ALL'

The vicar of St. John's, Stratford, E., the Rev. A. Weir, told his congregation yesterday it would be a good idea for all couples to be married in register offices.

They could go to church afterwards, he said, to "receive the blessing of God."

He added: "So many couples have little or no knowledge of Christianity. But unfortunately I have no right to refuse to marry them in church."

IN THE PATH OF THE CRASH

This diagrammatic picture shows the path of the crashing Spitfire. After the plane had hit a tree, snapping it in two, the engine hurtled through a nearby cottage. Pilot and wings of the aircraft became entangled in trees on the green opposite a public-house, outside which the fuselage smashed into a parked car.

Morals and a bad tax

MR. HAROLD WILSON has put his foot in it again. He has informed the House of Commons that the Government are guided in their trade relations with Russia's satellites by considerations of economic advantage.

No moral considerations are allowed to affect the question.

The Americans, quite understandably, have reacted violently to Mr. Wilson's cynical pronouncement.

But if they have reason for being angered, they have none for being surprised, because the Ministers of this Government have never concealed their contempt for anything but the "cash nexus."

It was only a short time ago that Mr. Glenvil Hall declared in the House of Commons that at the Treasury "we are concerned with money, not morals."

Inconsistent

THE Socialists are not even consistent in their cynicism, for they adopt a "holler than thou" attitude towards Spain, while they crawl to Russia.

"Fat lot of good Mr. Strachey trying to encourage the 'help yourself' shopping system with blokes like you about, ain't it?"

This is a true revolution...

by LORD ELTON

WHAT do you consider to have been the most far-reaching revolution of the present century? That is the sort of elusive question which is always being put to brains trusts, and on the spur of the moment one might be tempted to reply:

always been pioneers of education and it is an American missionary, Frank Laubach, who during the last few years has perfected techniques which enable the primitive dweller in Darkest Africa to become literate within a few days.

Dr. Roy,

Dear Dr. Roy,

In connection with the number of items which have been discussed with the High Commissioner for India, Mr. Krishna Menon, and Mr. Robert Cleminson, of 101, Bayswater Road, I regret to say that although our discussions have been going on over a very considerable period, nothing to date has eventuated.

I now understand from the local Press that there are likely to be changes in personnel at the Embassy, and therefore, there is a probability that all our efforts may come to nothing.

From the E.M.I. Factories point of view you will remember that we have prepared and forwarded plans of an Electronic Factory, which were taken back to India by Sir V. Krishnan. We have yet to hear whether anything further is expected of this Company, or whether our plans are acceptable.

Is there any possibility of your finding out for us what is happening in connection with this project?

Yours faithfully,

Dr. Roy,
32, Stamford Brook Road,
W.6.

Dear Dr. Roy,

Further to my letter of today's date dealing with the Electronic Factory and E.M.I. Factories Ltd., I am writing you this second letter in a private capacity as the matter below does not concern E.M.I. Factories Ltd., but does definitely concern the number of contacts made personally on behalf of the people of India. I cannot help but feel that the many opportunities to take advantage of manufacturing capacity in this country are being sadly neglected, and possibly some spur is necessary to insure that more rapid action is taken.

Through the intermediary of E.M.I. Factories contact had been made with a number of large manufacturers who had offered to put manufacturing capacity at the disposal of India, and further had indicated their willingness to operate a factory in India at the Indian Government's expense, but with the object of providing the skilled and technical 'know-how' until such times that the Indian Nationals can take this over under their own control.

To mention but a few of the firms, I would cite the following:-

1. Manufacture of film equipment, projection equipment, and all types of associated apparatus for cinema purposes. Educational films and a film Studio equipment.

Messrs. J.A.Rank (G.B. Kalee Ltd.). This Co. offered to manufacture both in this country and abroad, and set up for manufacture in India, and are awaiting discussions between their Principals and the Indian Government.

2. Manufacture of Horticultural equipment, small internal combustion equipment, Jack lift trucks, Refrigerators, etc.

Messrs. Clifford Motors Components. This Co. offered capacity as far back as last October for manufacture in this country and abroad, and are waiting to hear something more definite regarding manufacturing orders. This Co. also offered to find capacity for the manufacture of your mechanical Rickshaw and metal Bus Bodies, but unfortunately this offer was not taken advantage of. We did have a conversation with Mr. De Milo during his visit to this country, but since then we have had no further instructions.

3. Manufacture of Prefabricated houses, etc.

Contact was made with one of the English Companies manufacturing metal prefabricated houses, who again indicated their willingness to manufacture at home for shipment to India, and to manufacture in India prefabricated buildings. This offer was passed on to Mr. Cleminson, but up to date nothing further has been heard of this offer, which is now many months old.

The above gives a broad indication that manufacturers had been contacted and are willing to co-operate in getting things moving for your country, but unfortunately we are meeting with so much frustration that questions now raised regarding supplying India with any particular commodity is looked upon as being something farcical.

Yours faithfully,

Thomas P. Puri

My dear Aunty,

I do not remember when I wrote
to you last. We did not hear from you for quite a
time now. Hope you are all keeping well. How is y
mother? What about Anita? I hope she is hale
and hearty.

My father and mother have left for
Kurseong, a small hill station in our province,
with Roma and Subrata. We have a small
bungalow there, on a small hill, about three mile
from the town of Kurseong. It is very quiet and
serene there and we get a beautiful view all
around, on one side the plains, which we can
see meeting the horizon far away, is marvellous.
Father's Court is closed for a ten days holiday
for the Easter. So they will spend the holiday
there. I could not go with them because we are
have a four days' holiday and from Monday
next our College reopens. My two elder B. M.
and their wives are here also.

Sisir has moved to Sheffield now.
There he has got a better chance to work in
a children's hospital which he could not
get in London. He will be staying there for
(P. 15)

for about six months and he wrote to us saying that he is quite comfortable in his new surroundings.

Does Anita still remember us? How did you all spend your Easter?

I hope you get all our letters in one time. You never know if your letters reach the receiver's hands safely, that is the trouble.

So long today. I will write to you again. In the meantime I hope you all the very best. Respects to your mother, love to you and dear Anita.

Yours affly.

Most Respected Sir,

Will you please excuse me for this intrusion of mine on your valuable time, busy as you must be with more urgent and important matters? Yes, I do admit, it is an offence to tease you at this critical time. And I am guilty of that offence and for which I beg to be pardoned, if I deserve.

Owing to the partition, we the Bengali-Hindoo are subject to inhuman treatment both in Eastern Pakistan as well as in India. In India we suffer most owing to the Hitlerlite method so vigilantly and dogmatically pursued by our so-called Congress leaders. To placate the so-called leaders is nothing but the sumum bonum of the principle of the Congress. The leaders, whatever dark deeds they perpetrate, can't be brought within the purview of law. But these leaders praise Gandhiji at the end of every speech, make collection for Gandhi memorial fund. Is it a justice done to the great sage?

In every affair, Bengal is given a cold shoulder as we have got no uncle like Rajendra Prasad or like Dr. Pattabhi Sitaramayya. Will Bengal be thrown into a dungeon? Will Bengal be ruined by the concerted efforts of the so-called All India leaders? Shall we the Bengalees die in a ditch? Will she be forced to lag behind? Can't she force Bihar the usurper to give back the portions that were once belonged to her? Should we submit before the storm? Shall we not brave the inclement weather?

You are only luminary who can save Bengal from utter destruction. If you please pilot the ship, period of darkness will vanish, ray of hope, ray of spirit will come. Please organise them, make them united, infuse in them a spirit of brevity, a life and then continue the march until the goal is reached. In the days of sorrows and sufferings, people can recognise the true leaders, when the tactics of the so-called leaders are exposed. You are the undisputed monarch of Bengal. Pl. come to her rescue and give her the lead.

53

ACJP-A 2184-1946-7-3,050-4,17,500

contd from reverse

Do for Bengal what you think best. We expect many things from you. Please don't disappoint us. We under you will do what was done by the Prussians under Bismark in the history of Greater Germany. In a noble cause like this, God's blessing are with us.

Regards & Respects

Yours faithfully,

Sd/- Kishore Mukherji

OR.8295 185. All India Forward Bloc.
22.4.49.

The 'Amrita Bazar Patrika' dated 21.4.49 publishes that the Central Committee of the above Bloc met on 18.4.49 at Nagpur with SRI R.S.RUIKAR as President and decided to call a conference of all left wing party leaders and progressive elements ~~the~~ at an early date to demand that India should immediately opt out of the British Commonwealth. The Committee deplored the foreign policy of the Government of India and urged complete neutrality for India in case of a third World War. It also decided after eulogising the efforts of SRI SARAT CH. BOSE, for the formation of an united front of all left-wing parties in the country to publish in booklet form a thesis on the ideology and philosophy of SRI SARAT BOSE. It further observed that the Hind Majdoor Sabha should not affiliate itself to any world trade union organisation. The conference was attended by the marginally noted persons.

eloquence in favour of linguistic provinces? But where does West Bengal stand? The Sub-Committee have not designed even to mention West Bengal's claim to the Bengali speaking areas of Bihar, as though West Bengal has no legitimate claim at all, or no claim has been put forward on her behalf.

I would like to ask the three members of the Sub-Committee—Are they absolutely unaware that Bengali speaking areas of Bihar were a part of Bengal until 1912, that those areas were and are historically, geographically and linguistically an integral part of Bengal, the bone of her bone, the flesh of her flesh? Are they unaware that the people of West Bengal and the Bengalees of Bihar have been putting forward their insistent demand for the amalgamation of these areas with West Bengal?

Since 1939 I have been pleading for the amalgamation of the Bengali speaking areas of Bihar with West Bengal. In my Presidential address at the Bengal Provincial Conference in Jalpaiguri in 1939, I said, "I must speak of what Bengal demands of India. The first and the most important demand is that all Bengalees should be included in one province. Even up to this day some extensive areas inhabited by Bengalees and Bengali speaking people are outside Bengal and form parts of other provinces."

PERTINENT QUESTION

I should like to put the same question to the members of the Sub-Committee, who are also top-ranking Congress leaders, which I put in a statement issued on the 2nd February, 1948: "If top ranking Congress leaders are now so enthusiastic about unity why did they demand the 'linguistic fragmentation' of Bengal? And if they could with equanimity accept only a third of Bengal as a result of the Radcliffe Award, why do they suddenly develop this anxious solicitude for maintaining the territorial integrity of provincial units." This is in reply to the Sub-Committee's plea for so called "unity". "While language is a binding force, it is also a separating one," says the Report of the Sub-Committee, and puts forward the fallacious and exploded plea of provincial disintegration. Let me remind the Sub-Committee that if language creates separation, it is in the interest of a greater integration. European and Asiatic history since 1917 proves it.

FALSE ARGUMENTS

The two points the Sub-Committee have put in the forefront are "multiplication of provinces" and its consequential "financial difficulties" for the new provinces. May I remind the Sub-Committee that none of those points are applicable to the case of West Bengal. In the case of West Bengal there is no question of multiplication of provinces; it is a case only of transference of certain areas from one province to another involving certain comparatively minor administrative readjustments, but little or no strain upon the province's finances.

But from under one red tape the issue has passed under a more formidable red tape where it will sleep peacefully until "conditions are more static and people's mind calm." So, the principle adhered to steadfastly by the Congress so long and reaffirmed in numerous resolutions and in the election Manifesto of 1946 is cast to the four winds and public opinion thwarted.

Respected Sir,

I am dropping letter today on
receipt of which I hope you are in good
health. I came to know as it were that
the Bengalees have been ~~now~~ mercilessly
attacked in Behar - This is very unjust
~~The fact was~~ I was aware of the fact; but
the particular day of occurrence was
not known to me. The audacity of ~~Pross~~
is so much so that threatens - He is not
even ~~hoping~~ ^{fitting} to be the nails of your feet.
Well, watch for the result of the same.
Only manage to keep the Bengalees silent
and peaceful; you too do the same
through paper. Then look at the fun
what is being played and then our Govt
will not be in a position to ~~cope with~~ ^{cope with}
the same even within a year. But
take care that no hostilities ~~have place~~
in Bengal. Who is at the Helm for the

disturbances going on at Derisse. Although
an European has given some instruction
to an Adhibashi leader (An adopted son)
Are not the Beheris in touch of it?
I will not tell you anything more
just think for^a while. On the other side
They^{are} demanding long range guns. I am
at a loss to understand how these are
to be supplied. Some ammunitions will
also be required. It is a blunder of course
what is to be done now, I am at a loss to
understand the same. It would have been
better to approach Shaikh Abdullah before son
days, he is my friend. How could I know
that? Well, see the point why Pandit
Jahurall Nehruji is going to England
let me say that in short. Some En.
pi, Kin or some body came with his
family along with Mr + Mrs Lignat
Ali. That they know, Those talks were
held in Karachi. It is rumoured that
There will be an attempt to make
a ~~unity~~^{union} of two persons ie Lignat
and Panditji; and there is chance
of greater success. The negotiation
will be kept ~~in a close secret~~^{secret}.
I am it that the underlying hints
~~is~~^{are} to oppose Russia jointly by force
by the joint hands of Indian
Dominion and Pan-Asian Dominion
and that a threat will be made

If that he not made them the authors of a Col. runs as "I doubt for Jahan Lal Nehru whether he will stay in this world or not because Mr. Patel is a filiest man who will stand against Russia from Indian position with us". This is very impossible affairs. When the European says "I doubt", I know how to welcome death, one by one, by wounds of the bullets. Take it for example one more person will be killed recently by the ~~wand~~ bullet - within a month or so Sir, I will not disclose one fact this time to you - for reason be kind. On my sleeping for 2 days ~~an~~ an Englishman seemed to have told something which I cannot reproduce. Only I replied yes, yes, in my ~~subconsciousness~~ ^{subconsciousness}. As if some thing will happen on 10th or 12th of August 1949 that I cannot say. But I know when the world war will begin. It depends on the Balkan States. On the cessation of the hostilities over there the war will break out at the same time when Russia will ~~start~~ ^{start} hostilities in France. Another big prominent country will be hostile. Britain knows the full fact and that is

why she is depending on Portugal
 so that ^{port of} The Libralter may not be
~~hampered~~ ^{threatened} by Lisbon port. Because
 Lisbon is more valuable than
 Libralter nowadays. Can you
 say why Mr. Attlee will force
 The signature of Pandit ji & Mr
 L. Khan on the agreement draft
 I cannot understand the fact. This
 time I had a talk with an Anglo
 Indian gentleman in a train
 for ~~some~~ ^a few minutes. The man
 seems to be very good gentleman
 and uttered you to be the father
 of Bengal. He is a member of
 the Congress and he had a great
 regard for Mahatma Gandhi ji
 As if he told his name to be
 Mr. Scott W.B. The gentleman
 seems to be too ~~noble~~ noble; if
 he likes to ~~make an~~ interview
 with you, you will ~~be~~ agree, but
 you must not discuss any
 political matters with him.
 The affairs of Subash Babu
 has gone abroad, that I have
 heard in the last 8 months. Because

in its full length of the story to
some body surely. Ex. Dy. Mayor
Mrs. Gope Gohia or some body of the
has said surely, ^{said some things} I have heard myself
to say that "Hujur how I will say
etc". On the other hand the affair
of Mahesunni cotton Mill in
Calcutta has become a very inter-
esting factor. Hasham is right in
one sense sir, Opening the Bank
~~on~~ all on a sudden and the
liquidation at the same time
marks the facts. why you see or
why one of the ^{protesters} ~~objectors~~ will come on
as a helping hand of an institution
of a poor's ^{protection} "home" conducted by the
Marwaris in a particular stroke
within 3 months. If you like I can
supply the ~~file~~ file for the proof
of the same. He has taken in an
illegal gratification from 2
Marwaris, privately. Another one
was selling sugar in the Black
market ~~price~~ after stealing the
same at the time of the League
one of them posed himself to be the
leader of Hawkers to the Marwaris
recently. He is the Khenda Bhai
what will I write more. Hope you
are all well. Yours
S/d. Sehan

On my absence Arun Roy has ^{3/4} informed
you or Police. I am in doubt
^{about} ~~as to~~ him. I am My house is at
Diamond Harbour and what I am
where I am stopping and my new

that Arun. I will give him
punishment one day. I will tell
him to a place by bricks. I will
let him off in ^{the} Sun ~~at~~ a place
~~at~~ about 8/10 miles ^{at} ~~in~~ ^{at} ~~the~~ ^{at} ~~noon~~ ^{there}
and I will ~~then~~ ^{come} away. I will

As if I will go to Kalimpong

My Dear Friend,

26th. March 1948 (?)

Please accept my apologies for the
delay in replying to your last letter; I have
been ill for the last few weeks with a
Gastric Ulcer and have not been able
concentrate on the various duties that
have remained unfulfilled; all the same
it has not prevented me from sending
the material you required.

The letter dealing with- Electronics
is from E.M.D. better known as H.M.V. in India.
This firm as you know are well known all
over the world and produce anything from
gramophone needle to an aircraft, as such
they expect to be treated with the necessary
Courtesy and Consideration due to them, especially
when they are so willing to assist our country
in our future programmes.

The letter is self-explanatory and needs
no comment from me. As for the other three (P.T.C.)

three letters I have sent you, they only confirm the purchase prices, and give an idea as to the magnitude of Commission on one single deal, but for reasons which need explaining the deal went astray and nearly a million pounds which should have been paid as Commissions have so far been saved.

All the same I have been led to believe they ^{are} active on another similar transaction at the moment and it is up to us to see that we are not fooled into paying such a fantastic Commission when the same could be bought through other channels at the legitimate prices.

As a young nation we must make a right start. Bribery and Corruption in high places is intolerable and must be made into a Capital Offence otherwise this dreadful demoralising disease will poison the whole nation even before it wakes up to its newly won Swaraj and democracy and drive us down the same ways China has gone, and all the Marshall dollars will not save our democracy.

Our present leaders who are so British in their outlook must realise that the British people and British democracy derives its strength from the British way of life that always calls for healthy criticism.

(P.V.O.)

of the Government of the day, and in support of democracy and purity in their public life. They do not hesitate to set up a Lustration Tribunal even if it meant an investigation against members of the Government.

This is the secret of their strength - and it is this that gives a mere forty millions in these small islands such tremendous power across the world.

We have plenty of physical courage amongst our Indian people and it has amply been demonstrated by our fighters for freedom and also by the Indian Soldiers who have fought for other peoples freedom; now let us demonstrate to the world that our courage is blended with purity and truth - and let us base our national life and courage ^{on} purity and truth for which our Mahatma Gandhi has lived and given his life.

Your Nation has made a courageous start for purity and truth; it has set an example to all the other journals of the world they should play in the future of our democracy.

Your disclosures have caused quite a sensation amongst the people who have seen your paper, I shall be grateful if you will let me know in your next letter what reaction (P.T.O.)

4.
reaction it has had at home. 6

I hope you and your family
keeping well.

With respectful compliments to

ANOTHER INGLOURIOUS LANDMARK

MR. SARAT BOSE ON LINGUISTIC SUB-COMMITTEE REPORT

"The report submitted by the Linguistic Provinces Sub-Committee comes as another inglorious landmark in the history of the Congress leaders' indifference and inaction, frustrations and failures. If it were only an utter negation of the declared Congress policy of linguistic redistribution of provinces, I would not have blamed it as much as I do now—for the Congress has, since August 1947, become a byword for violation of its past ideologies and pledges of all that it stood and bled for in the political and economic spheres. But it is something more serious, it is symptomatic of a morbid approach that suspects "separatism" here and "disruption" there; starts up at the imaginary spectre of disunity and suppresses public opinion to which it pretends to make a democratic gestures," thus observes Mr. Sarat Chandra Bose, Founder-President, Socialist Republican Party in a statement issued to the press.

"I desire to tell the members of the Sub-Committee, two of whom are the pillars of our State, that they may trifle with other claims of the people; but if they think that they can trifle with the legitimate claims of Andhra, Maharashtra and Bengal, so long recognized by the Congress, Nemesis will overtake them," warned Mr. Bose.

EXPLODED PLEA REPEATED

"The Sub-Committee has proved itself superfluous by its report, for it has not advanced even an inch from the point at which the Dar Commis-

sion left the matter. In proposing the postponement of the issue of linguistic provinces, it has only repeated the old, thrice-refuted arguments of "separatism", "disruptive tendency", "administrative dislocation" and "mutual conflicts"—those fond and smooth excuses for vacillation. The Sub-Committee have, however, condescended to refer to Bombay and Madras Provinces and are inclined to give high priority to Andhra. Is it in order to placate the Congress President, the champion for Andhra and to silence his erstwhile

(Continued On Last Page)

parts of other provinces."

PERTINENT QUESTION

I should like to put the same question to the members of the Sub-Committee, who are also top-ranking Congress leaders, which I put in a statement issued on the 2nd February, 1948: "If top ranking Congress leaders are now so enthusiastic about unity why did they demand the 'linguistic fragmentation' of Bengal? And if they could with equanimity accept only a third of Bengal as a result of the Radcliffe Award, why do they suddenly develop this anxious solicitude for maintaining the territorial integrity of provincial units." This is in reply to the Sub-Committee's plea for so called "unity". "While language is a binding force, it is also a separating one," says the Report of the Sub-Committee, and puts forward the fallacious and exploded plea of provincial disintegration. Let me remind the Sub-Committee that if language creates separation, it is in the interest of a greater integration. European and Asiatic history since 1917 proves it.

FALSE ARGUMENTS

The two points the Sub-Committee have put in the forefront are "multiplication of provinces" and its consequential "financial difficulties" for the new provinces. May I remind the Sub-Committee that none of those points are applicable to the case of West Bengal.
